COMMENTS ON EXAMINER'S REASONS FOR ALLOWANCE

The applicant recognizes that in accordance with M.P.E.P. § 1302.14, the examiner's reasons for allowance need not set forth all of the details as to why the claims are allowed.

The applicant does not concede that the examiner's stated reasons for allowance are the only reasons for which the claims are allowable. For example, the examiner's reasons for allowance identify the feature of determining whether extra headroom is available to place users with special designations or interactive relationships. The applicant respectfully notes that the claims recite a determination of whether the headroom is full, not extra headroom. Additionally, some independent claims recites "special designations" while other independent claims recite "interactive relationships", not both. The claims may be allowable for other reasons as well.

Furthermore, the applicant does not concede that all of the limitations identified by the examiner are necessary to distinguish the prior art of record or to satisfy the requirements of 35 U.S.C. § 112. In addition, the examiner does not assert, and the applicant would not concede, that the examiner's reasons have any bearing on the patentability of claims in any other applications directed to the disclosed subject matter.

In addition, each dependent claim stands on its own and is allowable on its own merits. In particular, each dependent claim may be allowable on the basis of a combination of some of the features recited in the dependent claim and its base claim(s), which combination of features may not include all of the limitations identified in the examiner's reasons for allowance.
